

# The Happenings

www.fctc.coop

## \*\*\*REMINDER\*\*\*

- ❖ Mandatory 10-digit dialing will be effective October 24<sup>th</sup>, all local calls will need to include 319. For more information, please check out our new website. Information is located under the "Telephone" tab.

## Why Support LOCAL?

The competitor does not pay you dividends, make same day service calls, contribute to your children's activities, community events or make scholarship donations to your local school. FCTC invests in our community's future and growth; we support local and appreciate your patronage. In order to continue to invest in our community, we truly appreciate the support.

*Thank you*

SHOUT  
OUT

◇ Little Knights Learning Center volunteers and staff deserve all the accolade for their dedication to getting the new center up and running, it is BEAUTIFUL! Little Knights continues to work on their Fundraising Campaign, visit [dysartchildren.com](http://dysartchildren.com) to find out how you can make a contribution to the future leaders of our great community!

◇ Congratulations to Harpers Public House on their grand opening and welcome to Main Street! Stop in for a cold beverage and a great meal or call them to place an order for pick-up 476-5000 (they are closed Tuesdays).

◇ Busy Bee's Total Care and Transport will be opening soon on Main St with the goal of offering transportation services, grocery/medication pick up, and other basic home care needs. Please help us in wishing them much success, they can be reached at 319-476-2756.

## UPDATES

## FCTC NEW Website has Launched!

**FCTC continues to work on installs from our latest fiber project, as with all industries we are being affected by supply chain shortages. If you live in the town of Dysart and have not been converted it is likely because you have our video services and we have recently received equipment that was not due to arrive until Spring! We will be calling to schedule conversions. If you are a Dysart town customer, *just have phone and / or internet*, please accept our apologies as we must have overlooked your address. Call our office and we will have you converted ASAP.**

**FCTC has been awarded a Broadband Grant!**  
***We have been awarded just under 50 percent of the total infrastructure cost necessary to implement our Dysart Rural Fiber Project. FCTC has already begun working with our engineers and hope to begin construction in the spring!***

***As Dysart and Clutier's local service provider, we are proud to say that FCTC has donated \$220,000.00 back to the communities we serve!***
